LATHERING LOSS AND LO would be classed as fety mixes which can be priviled on the soil, duji, in raised in or watered in. There are then legisd ferrillens which we tend to use once we get to the planting stage, which helps reduce seeding shock, and then for further feeding through the growing season. Sometimes it is very hard to decide just which fertilizer is right, and sometimes we have to think about what the plants to be grown scrally need. If in doubt choose a general ferrillen, with a sowweed based legisd to help with early planting of seedings, which is sowed to be considered to the source of the s

Durham Garden Circle Winter Update (lanet Francesco) It's been a Winter with a full schedule of activities for the Durham Garden Circle and now it's

Spring we have even more to look forward to. May saw the Circle hold the 72- AGM at the Dudley Road Hall. We thanked Pat Phillips for her service as secretary and Janet Francesco was elected. The committee gained a new member: Welcome Jeanette Uiger, Unfortunately, our arranged spaker was unable to come.
